Col. James B. Fry
A. A. G. Chief of Staff.
Sir,

I most respectfully submit
to you the following report.

After the fight at Lebanon Tenn between our
forces and the Rebel Cavalry under Col. John E. Morgan
hearing that Col. F. Wolford had been seriously if
not mortally wounded, and knowing that our regiment
needed officers, I requested Maj. F. F. Frost, in command
here, to permit me to join my regiment at once.
Although strictly speaking I was not fit for service
yet, my broken arm not being strong enough yet
to handle a sabre or pistol, I thought I might be
useful in the general management of the men, as
one of our Majors, Wm. A. Coffey never had been
much with the men, and Col. Wolford of course, was
unfit for service. On my way to rejoin the regiment
Tuesday May 12th, I was captured with the train at
Cave City, Ky, and taken by Col. Morgan as far as
Sparks, Tenn where he released me on parole, which
I then thought best to accept, instead of being carried
to a Southern prison for months.

In view of the circumstances of my being
wounded and captured the second time, when I wished

to resign my regiment for active service, I ask
most respectfully, that my exchange may be effected
as speedily as possible so that I may be useful to the
Regiment, which is what I most desire.

Very Respectfully

In accordance with
orders just received, I have the honor to report
that while at Somerset in command of a Bat-
talion of this Regiment Major Helveti was
captured by the enemy on the 14th of Dec 1861. He
was afterwards exchanged and remained at
Lexington Ky. by what authority I cannot state
Some time in May 1862 he was returning to
his Regiment (then in Tenn) and was captured
on the cars by John H Morgan. He was paroled
and afterwards exchanged, but never reported to
his Regiment. I heard by some means that he
was on some General's Staff, but had no official
announcement of the fact. Some time in December
last I was told by Col McCook that Major
Helveti had been ordered to his Regiment

He has not yet reported either by letter, or in person and I do not know where he is nor by whose authority he is now absent. We have no field officers in the Regiment for duty.

NOTE 1.

The company commander will here add a statement of all the facts known to him concerning the disease or wound, or cause of disability of the soldier; the time, place, manner, and all the circumstances under which the injury occurred, or disease originated or appeared; the duty, or service, or situation of the soldier at the time the injury was received or disease contracted, stating particularly whether the injury was received or the disease contracted in the line of his duty; and whatever other facts may aid in the determination as to the cause, immediate or remote, of the disability, and the circumstances attending it.

When the facts are not known to the company commander, the certificate of any doctor, or assistant of other person having such knowledge, will be appended—as the surgeon in charge of a hospital, the officer commanding a detachment of recruits, &c., &c.

NOTE 2.

When a probable case for pension, special care must be taken to state the degree of disability—m. f. d. c., &c.; to describe particularly the disability, wound, or disease; the extent to which it deprives him of the use of any limb or faculty, or affects his health, strength, activity, constitution, or capacity to labor or earn his subsistence. The surgeon will add, from his knowledge of the facts and circumstances, and from the evidence in the case, his professional opinion of the cause or origin of the disability. In the case of discharges by Medical Inspectors, the last paragraph will state that the discharge was given by consent of the soldier, after a personal examination, and for disability, the nature, degree, and origin of which are correctly described in the within certificate.

Par. 1260 Regulations, Ed. 1858.

Medical officers, in giving certificates of disability, are to take particular care in all cases that have not been under their charge; and especially in epilepsy, convulsions, chronic rheumatism, derangement of the urinary organs, ophthalmia, ulcers, or any obscure disease liable to be feigned or purposely produced; and in no case shall such certificate be given until after sufficient time and examination to detect any attempt at deception.

DIRECTIONS.

This certificate will be made out in duplicate by the soldier's company commander, or other officer commanding the separate detachment to which he belongs, and sent by him to the surgeon who has charge of the hospital where the soldier is sick. The surgeon will then fill out and sign the surgeon's certificate, and forward these papers to the regimental, detachment, or post commander, who will forward them, with his action endorsed thereon, through the proper channel, to his division commander; or, if the troops are not attached to a division, to his corps, department, or other commander or officer to whom the authority to discharge enlisted men may be specially delegated.

These certificates, after having received the action of the highest authority to which they are required to be sent, will be returned through the same channel to the regimental, post, or detachment commander, who will, if the discharge is authorized by the endorsement of the proper authority, sign the soldier's discharge, and the last certificate on this paper; see that the soldier is furnished with the proper final statements in duplicate, and forward BOTH of them separately to the Adjutant General United States Army, at Washington, D. C.; they will not, under any circumstances, be given into the hands of the soldier.

Kentucky Cumberland County Let.

by Richd. Alexander in the
July 15th 1862

La. Haggard. Of
Cumberland County

San Antonio, Tex. Sept 15 1864
This is to certify that the undersigned
Physicians have this day examined
2nd Lieut. Leif Howard of Captain
A. H. Carter's Company of the 10th
Cavalry. Col. H. L. Woodford, and found
him laboring under a cough with
abnormal expectoration, loss of
ability and general prostration of the
physical system, want of appetite,
occasional diarrhoea, produced
from slight exercise, with walking
or riding, and presenting a very distinct
tumor or tubercular deposit of
body; He has had very profuse
hemorrhages within the last few
months, as he himself avers, and we
don't doubt the correctness of the
assertion; which renders him unfit
now, and we apprehend will in future
for the service of a soldier.

NOTE 1.

The company commander will have said a statement of all the facts known to him concerning the disease or wound, or cause of disability of the soldier; the time when it occurred, or disease originated or appeared; the nature, extent, or situation of the soldier at the time the injury was received; or disease contracted; stating particularly whether the injury was received or the disease contracted in the line of his duty; and whatever other facts may aid a judgment as to the cause, immediate or remote, of the disability, and the circumstances attending it. When the facts are not known to the company commander, the certificate of any officer, or surgeon of other person having such knowledge, will be appended—as the surgeon in charge of a hospital, the official commanding a detachment of recruits, &c., &c.

NOTE 2.

When a probable case for pension, special care must be taken to state the degree of disability—as loss of limb, or deprivation particularly the disability, wound, or disease; the extent of which it deprives him of the use of any limb, or faculty, or affects his health, strength, activity, constitution, or capacity to labor or earn his subsistence. The surgeon will add, from his knowledge of the facts and circumstances, and from the evidence in the case, his professional opinion of the cause or origin of the disability. In the case of discharges by Medical Inspectors, the last paragraph will state that the "discharge was given by consent of the soldier, after a personal examination, and for disability, the nature, degree, and origin of which are correctly described in the within certificate."

Par. 1215 Regulations, Ed. 1861.

Medical officers, in giving certificates of disability, are to take particular care in all cases that have not been under their charge; and especially in epilepsy, convulsions, chronic rheumatism, derangement of the urinary organs, ophthalmia, ulcers, or any obscure disease liable to be feigned or purposely produced; and in no case shall such certificate be given until after sufficient time and examination to detect any attempt at deception.

DIRECTIONS.

This certificate will be made out in duplicate by the soldier's company commander, or other officer commanding the company detached to a hospital where the soldier is sick. The surgeon will then fill out and sign the certificate, and forward them, one to the regimental, and one to the post commander, who will forward them, with his action thereon, through the proper channel, to his division commander; if the troops are not attached to a division, to his corps department; or other commander or officer to whom the authority to discharge attached men may be specially delegated.

These certificates, after having received the action of the highest authority to which they are required to be sent, will be returned through the same channel to the regimental post, or detachment commander, who will if the discharge is authorized by the regimental post, or detachment commander, sign the soldier's discharge, and the proper final statement in duplicate, and forward both of them to the Adjutant General United States Army, at Washington D. C.; they will not, under any circumstances, be given into the hands of the soldier.

Medical officers, in giving certificates of disability, are to take particular care in all cases that have not been under their charge; and especially in epilepsy, convulsions, chronic rheumatism, derangement of the urinary organs, ophthalmia, ulcers, or any obscure disease liable to be feigned or purposely produced; and in no case shall such certificate be given until after sufficient time and examination to detect any attempt at deception.

These certificates will be made out in duplicate by the soldier's company commander, or other officer commanding the separate detachment to which he belongs, and sent by him to the surgeon who has charge of the hospital where the soldier is held. The surgeon will fill out and sign the company's certificate, and forward those papers to the regimental, divisional, or post commander, who will forward them, with his action report, and through the proper channels, to the division commander, or, if the troops are not attached to a division, to his corps, or department; or other commander or officer to whom the authority to discharge enlisted men may be specially delegated.

These certificates, after having received the action of the highest authority to which they are required to be sent, will be returned through the same channel to the regimental post, or detachment commander, who will if the discharge is authorized by the endorsement of the proper authority, sign the soldier's discharge, and the last certificate on this paper; see that the soldier is furnished with the proper final certificate in duplicate, and forward BOTH of these certificates down to the Adjutant General United States Army, at Washington, D. C., they will not, under any circumstances, be given into the hands of the soldier.
